Style:	Folding Frame
Occupancy:	1
Recommended Ages:	4 and up

### ITEM INCLUDES:

- 110 va to 24 vdc power transformer and Power cables
- Wheel Kit
- Protective Vinyl Case
- Set of Balls

The Dunk Tank alternative has arrived!. Introducing the all new re-designed Splash Blast. Our new Splash Blast is designed to be a fun and unique alternative to the dunk tank. Sit down behind the protective Ball Shield as participants try to hit the target with a variety of projectiles. Once the target is hit it ignites a water filled air blast soaking you with water and cold air. The blast of water surrounds the "Splash Victim" from the floor up in a curtain of water. As soon as the blast is finished the system re-sets itself so that it is ready for the next blast. Our new Folding Frame design allows for a set-up time of 10 minutes. Made from welded aluminum your purchase will never rust serving you and your customers for many, many years.
